

You're invited to attend a webinar about: Managing Challenging Behaviors in Community Settings

Date: Wednesday, August 21, 2024

Time: 6:30 p.m. to 7:30 p.m.

Presented by: Joshua O’Kain, M.A., M.Ed., BCBA

Positive Behavior Supports Corporation

Zoom presentation | Free webinar

Join TeamPBS for an ABA (Applied Behavior Analysis) webinar designed specifically for parents! This mini-ABA course will guide you through essential topics that can be used when you're in community-based settings while trying to manage challenging behaviors.

We will cover essentials like identifying and defining behaviors, ABC data collection, using management and preventative strategies, and problem-solving treatment issues with your ABA team. We aim to address common behavior problems faced by caregivers and provide practical PTM (Positive Behavior Management) strategies.

Our goal is to equip you with the tools and knowledge you need to effectively support and improve your child across settings. Don't miss this opportunity to enhance your skills and make a positive impact!
